I was at Bethel Woods last night,
What an evening, what a delight.
The music beautifully floated over
The crowd, not too soft, not too loud.
As the lights came on and the evening descended,
Everyone wished it had never ended.
The stars were out and the moon shown bright,
All around looked like Arabian Nights !
Hats off to the Gerrys, he's given us a
Wonderful addition to Sullivan County.
Eat your heart out, Tanglewood !
