The newly formed Bethel Council of the Arts (BCA) is only weeks away from holding its first open public meeting on July 16th 2016, 11am at the Dr. Dugan School. This town-wide arts council was formed to foster a cultural environment, uniting the voices of the community, its artists, and the town government.

Art touches our lives in many ways and is vital to personal and community wellness. Bethel Council of the Arts is seeking enthusiastic individuals to actively participate in our art community by becoming advocates for the arts to benefit the entire community. Wherever your creativity finds its expression, there's never been a better time to become a participating member to the Bethel Council of the Arts.

There is no fee requirement to become a member of BCA. Your membership is an investment in the vitality of our community, enabling our community to provide support to a wide variety of artists, art education for children, families and adults.

The Bethel Council of the Arts meeting will be held on Saturday, July 16th at 11a.m. at the Dr. Duggan Community Center, 3460 Route 55, White Lake, NY 12786. All are welcome. Individuals interested in serving on the Council can write a letter of interest and complete a Bethel Council for the Arts application.
