Total	116,381,638	N/A	144,840,604	100.0000%	* \$260,892.00

To apportion the taxes for your district, you must first contact the Assessors in the Towns where your district is located and get the TAXABLE ASSESSED VALUE in your district and the Town's EQUALIZATION RATE.

Taxable assessed value divided by the equalization rate will equal the full value. (#1 divided by #2 = #3)
 Each Town's full value divided by the total full value will equal the percentage. (#3 divided by #4 = #4)
 Multiply the total district budget (*) by each percentage (#4) and that will equal the apportioned taxes for each town (#5).
